2.5 Environmental Policy

In all aspects of **AIRSAFE** business we plan and perform activities so that adverse effects on the environment are avoided or kept as low as reasonably practicable.

Strategies

- To implement this policy we will:
- Comply with all applicable laws and regulations, while aspiring to higher standards;
- Apply responsible standards where laws and regulations do not exist;
- Strive to prevent pollution and seek improvement with respect to resources consumption and ecological footprint;
- Monitor the effects of our activities on the environment and take action to address effects where necessary;
- Openly communicate our environmental performance with our workforce, government and wider community;
- Foster a culture that empowers and regards everyone to act in accordance with this policy.
- Reduce workplace consumables and hardcopy work materials whenever possible.

Application

This policy applies to all personnel and contractors under Airsafe's operational control. The Proprietors are responsible for the application of this policy and it will be reviewed every three years.
